

## PREMIUM ENTERPRISE

The all-round solution for your gym

---

### Your needs

- Professional administration software that can be integrated.
- Compatibility with existing access control systems for an easy and convenient check-in.
- Integration solutions for special devices.
- Everything you need for managing and supporting multiple locations.

**Product description:** The Premium ENTERPRISE offers a professional solution with a comprehensive administration and booking system. Challenges due to collaboration in larger teams or the administration of several locations can be met with this package. Premium ENTERPRISE also offers interesting integration solutions for your existing systems - for even more comfort in your everyday business.

---
